HASAN KANAYA

FRONT END DEVELOPER

UAE, Sharjah | +971528290857 | hasan.kanaya9@gmail.com

PROFILE SUMMARY

I started learning programming when I was 16 years old. I learned C++ and Logical thinking.
Then I decided to build mobile applications, so I learned Java and Kotlin and built two Apps.
And when I started in the web Development, I noticed that it is one of the most wonderful careers in the world because you can build anything you want, you just need persistence
